

Dear TGA Families,

We are excited to announce we will begin to run classes as usual starting Monday May 11th.

The health and well-being of our students and families continues to be our first priority, and we're working hard to prepare the gym for reopening. We very much look forward to reconnecting with everyone and are optimistic that we will all emerge from this ready to thrive once again.

I would like to share with you our plans for reopening. Due to the impacts of COVID-19 we recognize that there are certain requirements for social distancing, athlete training procedures and organization structures to implement. Our staff is working hard to prepare the gym and our new operation guidelines.

We will adjust the billing requirements to reflect the weeks of participation once we begin classes.

I would like to share just a few of the many things we have done to reach our goals for reopening. The health and safety of our students, family, and staff is our number one concern:

- Organize classes & lesson plans to maintain 6' of physical separation.
- Children will maintain their own training spaces with floor markers provided for established distancing. Class sizes to not exceed 8 students per class.
- Hand sanitizer will be distributed upon student arrival and departure.
- For the health and safety of our students and staff the parent viewing area will be placed outside the gym.
- Frequent sanitize with cleaner for all surfaces prior to and after each class.
- All coaches will wear masks during class

All of us at Scott Johnson's TGA look forward to welcoming you back to our gym when the time is right. Until then, thank you for being a part of our family and we hope to see you all soon.

Warm regards,

Scott Johnson and Staff
